Engineering Plastics (Elective)	92	
Mathematical Equations		94
Metal Materials and Heat Treatment	A11	94
Mechanics of Materials		92
Engineering Thermodynamics		96
Tensor Analysis		94
Academic Year	Third Acade	emic Year
Semester	Fall 1991	Spring 1992
Course	Exam/Test	Exam/Test
Physical Education	62	63
English	87 (for the Prog.)	Good
Socialist Construction in China	88	84
Fundamentals of Electronic Technology	63	
Heat Transfer	92	
Geornetric Tolerance and Measurement	94	~6
Viscous Fluid Mechanics	75	-10°
Situation and Policy	78	renci
Pump and Fan	86 - 4 6	
Probability Theory	1367	<u> </u>
Operational Research (Elective)	76	
Introduction to System Engineering	85	
(Elective)		
Electronic Technology		70
Machinery Principles in Machine Parts		79
Experiments of Fluid Medianics		Pass
Gas Dynam cs		94
Enterprise Management (Elective)		Pass
Academic Year	Fourth Acad	emic Year
Semester	Fall 1992	Spring 1993
Course	Exam/Test	Exam/Test
Power Machine	81	
Applied Fluid Mechanics (Elective)	86	
Computational Fluid Mechanics	94	
Turbo-machinery and Gas Dynamics	69	
(Elective)		
Fan Design (Elective)	Good	
Production Practice	Good	
Course Design for Machine Parts	Good	
Finance and Investment (Minor Program)	75	
Course Design for the Program		Good
Graduation Design		94
